

Dennis Pertolanitz is a master Electrician who graduated from CenTex IEC Electrical School and has 20 years of experience in the trade. He loves spending his time within nature, enjoys restoring antique vehicles and takes delight in carpentry projects of all kinds! Currently he is the Branch Manager and Lead Safety Advisor for Mister Sparky of Austin. Dennis believes Mister Sparky is a world class organization that shares many of his core values. As a part of this team; together we are working to elevate the customer perception of the service industry by providing the absolute best service experience possible! He is inspired by the ability to solve complex electrical issues for his customers, sometimes this makes him feel like a superhero! That great sense of accomplishment is truly motivating for him.

“To give real service you must add something which cannot be bought or measured with money, and that is sincerity and integrity.” -Douglas Adams
